- Ready for school in WV? Kindergarten, 7th & 12th grade students need to have certain shots for school. Is your child ready for fall?
- Parents of all current WV 6th and 11th graders need to know there are immunization requirements that your child must meet before school begins in the fall. Talk to your doctor or health department to see if your child is ready.
- Tdap & Meningitis shots are needed for all incoming 7th & 12th grade students in WV. Many of these students have had the shots already, but some have not. Is your child ready?
- Do you have children in school? Are they current on their shots? Ask your doctor or local health department to review your child's shot record.
- Before school begins this fall, get your child immunized. Ask your doctor if your child is current on their shots.
- Back to school plans: backpack, pens, paper, and school shots... Did you know all 7th and 12th grade children in WV have shot requirements for school? Is your child ready?
- Please share this status. All incoming WV 7th and 12th grade students have shot requirements before school this fall. Now is the time to make sure that your child is ready for school next fall.
- If you have scheduled an appointment with your children's doctor recently, you know it is hard to get one for the next day or next week. Don't wait; make your 6th or 11th grader's well child appointment now.
- WV high school seniors need to make sure they have had their Tdap and Meningitis shot before school begins this fall. Does your child have theirs?
- WV 7th graders need to have had their Tdap and Meningitis shots before school begins this fall. Ask your doctor or local health department to find out.
- Will your child be in kindergarten, 7th or 12th grade this fall in WV? Remember, there are shot requirements for school. Ask your doctor if your child is ready.
